

Team Name: Group 6
Project Title: EventSync

TABLE 1. CSCI 5709 PEER EVALUATION

Name	Role	Grade (out of 15 pts)	Reason
Preetha Kachhadiya	Full Stack Developer	15	She is an enthusiastic person with an attitude of ever learning. She always tries to figure out things on her own which helps her to be a good software developer and a better teammate.
Vatsal Jain	Full Stack Developer	15	He is always punctual and finishes his work on time. He is a hard-working guy who is always ready to help other team members if needed.
Dhruvin Dankhara	Full Stack Developer	15	He helped us to create a boilerplate for the backend. He has a lot of experience in the backend and it was a great learning experience while working with him.
Mehul Bhunsadiya	Full Stack Developer	15	He created a boilerplate for the front end. He worked hard on the authentication module and also created common authentication middleware functions that can be used by other team members in each API.
